

shirt, is compelled to pay six cents a yard more for it than you otherwise would do, in order to increase the enormous wealth of Northern capitalists.

An old man in the crowd, plainly dressed, and with scarcely anything on but a shirt, abruptly stopped the eloquent orator, and asked how that could be, for says he, "I have a good shirt on that cost me only 53 cents per yard, and I should like to know how I paid a duty of 6 cents." These ingenious and indefatigable theorists, not only hold all facts and experience in contempt, but they are utterly inconsistent with themselves. At one time they endeavor to raise the alarm that the Tariff would put an end to all foreign commerce, and thus dry up our principal source of revenue in imports. It would become necessary to resort to direct taxes and internal taxation. In process of time, however, their predictions were falsified, and the system was found to produce an abundant revenue.—Then, they shifted their ground; the Treasury said they, is overflowing, the Tariff is the cause, and the system must be abandoned. If they had taken the trouble to inquire they might have ascertained that, although England is the greatest manufacturing nation in the world, in amount, extent and variety, she nevertheless draws a vast revenue from customs.

To be continued.

#### Louisiana Election.

Our latest accounts give no further returns from the Fourth district. It is therefore as yet uncertain who is elected but the probabilities are very strong in favor of the Whig candidate. The Senate stands 8 Whigs 9 Locos. The House of Representatives consists of sixty members of whom 59 have been heard from, viz: 33 Whigs and 26 Locos. The Convention will comprise seventy-seven, of whom 41 are known to be Whigs and 35 Locos. Two remain to be heard from. This is well, indeed, glorious.—This response to the Baltimore nomination and this cool greeting to the new phase of locofocism in favor of the annexation of Texas is a death blow to the hopes of the party on that score. Every friend of his country, of whatever party, who is opposed to the annexation of a foreign country and the assumption of foreign debts and the vast increase of the political power of slavery in the United States, should send up a shout of joyous thanksgiving that the virtue of the people may be yet relied upon

parading for a general celebration, and after drumming up all the Clay and Victoria Surts, we could only number one hundred and six in the procession. Now I distinctly say that the three assertions are palpably false. In the first place, which is of no consequence however, we were not in preparing for a celebration. Before the whigs had taken any steps whatever in regard to celebrating our National Sabbath, the Locos had a meeting and voted not to celebrate as a party; the Washingtonians also had a meeting and concluded to celebrate on the 4th by a public dinner, &c. At a meeting of the Clay Club of Houlton which was about the first of June, after the above proceedings of the Locos and Washingtonians, the subject of the celebration was brought up and discussed; and finally it was voted to celebrate the 4th of July in a becoming manner, and to extend an invitation to the whigs of the County to join us; and the necessary Committees were then chosen. Is this month in preparing? And again, if they consider a general invitation to the whigs of Aroostook, druming, why then we acknowledge, they were drummed up, but not otherwise. In regard to Victoria Surts, if they consider the appearance of two highly respectable and gentlemanly citizens from Woodstock, who were present at our oration, but not at the dinner, and the only citizens of the Province present, druming up of Victoria surts, then we acknowledge that to be true then; as we do acknowledge there were two individuals from Woodstock present at the delivery of our oration, and no more. I am well acquainted with the individuals, and was happy to see them present, and offered them the same civilities, often extended to me and others, by them on several public occasions at Woodstock; was happy to reciprocate such courtesy.

The following details may be relied upon relative to the late fearful inundations. The main road from Caracas to Cabello is impassable, and the whole communication is now made by the old road round the Cape. In the valley of the Tuy, the unfortunate proprietors of plantations have lost their all. In fact, the destruction to the coffee and coca trees is immense, and the soil is either ruined by being washed away or else covered by the sand brought down by the river.

In the very fertile district of Sinamaica, in the valley of the river Limon, the loss by the flood is incalculable. The destruction of property far exceeds that caused by the great overflow of the year 1830. Cattle of all kind have perished in almost incredible numbers; and what few houses on the plantations are not washed away, are so injured as to be nearly worthless.

In the unfortunate city of Carora, half of the population have lost their homes, and the Governor has been obliged to offer the hospitals and barracks as shelter to the suffering poor.

From Bogota, Corabobo, Maracaibo, &c., the accounts of suffering caused by the destruction of life and property during the late inundations, are really mournful. It will take years of prosperity to replace the damage done by the fearful rains of the year 1844.

#### Terrible Inundations in South America.

The great floods of the present season in North America have, it seems, been balanced by corresponding ones in the southern portion of the continent. A letter dated Porto Cabello, July 3d. says—

The following details may be relied upon relative to the late fearful inundations. The main road from Caracas to Cabello is impassable, and the whole communication is now made by the old road round the Cape. In the valley of the Tuy, the unfortunate proprietors of plantations have lost their all. In fact, the destruction to the coffee and coca trees is immense, and the soil is either ruined by being washed away or else covered by the sand brought down by the river.

In the very fertile district of Sinamaica, in the valley of the river Limon, the loss by the flood is incalculable. The destruction of property far exceeds that caused by the great overflow of the year 1830. Cattle of all kind have perished in almost incredible numbers; and what few houses on the plantations are not washed away, are so injured as to be nearly worthless.

In the unfortunate city of Carora, half of the population have lost their homes, and the Governor has been obliged to offer the hospitals and barracks as shelter to the suffering poor.

From Bogota, Corabobo, Maracaibo, &c., the accounts of suffering caused by the destruction of life and property during the late inundations, are really mournful. It will take years of prosperity to replace the damage done by the fearful rains of the year 1844.

On Monday Captain Fly, of the brig Diploma, arrived at New York from Mansanilla reports that, about the 13th of June, the launch of the U. S. sloop of war Preble arrived at Mansanilla, with three seaman on board.

Their report is that while the Preble was at Aux Cayes a British harque ran on the reef outside, and the launch was sent to her assistance.

That during the following night, the launch being moored to a coral rock, the painter was parted by chafing; that they were asleep and the boat drifted away.

When daylight came no land was in sight; they made sail and put in at the first port they could find. They are in custody, and will be kept till further advices are received. There is no American consul at Mansanilla.

#### Rumors of Insurrection in St. Domingo.

The editor of the Charleston Patriot has received a Key West paper, with the following endorsement written on the margin at St. Augustine: "This paper was brought from Key West by the sloop Globe, the Captain of which states that about two hours before he left Key West, a sloop arrived there from the Island of St. Domingo, the Captain of which reported that the blacks had taken possession of the Island, and murdered every white person except the English and American Consul."

Potatoes are likely to be scarce in Ireland the ensuing year, but wheat plenty. The drought which has been felt extensively in the Emerald Isle as well as in other divisions of Great Britain has very much impaired the yield of various crops, and produced much anxiety amongst the farmers.

#### Shipwreck.

The brig Diploma, from Manzana, spoke, no date, lat. 22° 35', long. 84° 50', Br. bark Annabella, and took from her the 2d mate of the brig Washington, of Philadelphia, wrecked on the Grand Caymans, 20th June. She was a total wreck.

Our thanks are due to Jerome & Co's and to Gilman's Expresses for Boston and New York papers received by the last boat in advance of the Mail.

The Court House at Montreal was destroyed by fire on Thursday last.

#### Misrepresentations Corrected.

Houlton, July 20, 1844.

To the Editor of the Whig & Courier:

I noticed in the last Bangor Democrat a letter dated at this place, attempting to give a description of the proceedings of the 4th of July here, and should we take into consideration the mean, gross and false representations, as well as the corrupt sources from whence it originated, it would seem hardly worth a passing notice; but as it will doubtless be circulated through the several Counties of the State, and our friends may draw wrong conclusions, and erroneous impressions,

as to the situation, feelings and prospects of their brother with and the cause in this Country; I do not expedient and necessary that these calls him through Maryland, generally and in many parts of Virginia. He says the resentful ones should be corrected; but the false changes are so numerous that it would hardly be credible were he able to relate them. He informs me that Mr. Wm. Tyler, brother of the President, is one of the most decided Clay men in Virginia, as is the case with many of his relatives.

The writer says the whigs were months pre-

pared for a general celebration, and after drumming up all the Clay and Victoria Surts, we could only number one hundred and six in the procession. Now I distinctly say that the three assertions are palpably false. In the first place, which is of no consequence however, we were not in preparing for a celebration. Before the whigs had taken any steps whatever in regard to celebrating our National Sabbath, the Locos had a meeting and voted not to celebrate as a party; the Washingtonians also had a meeting and concluded to celebrate on the 4th by a public dinner, &c. At a meeting of the Clay Club of Houlton which was about the first of June, after the above proceedings of the Locos and Washingtonians, the subject of the celebration was brought up and discussed; and finally it was voted to celebrate the 4th of July in a becoming manner, and to extend an invitation to the whigs of the County to join us; and the necessary Committees were then chosen. Is this month in preparing? And again, if they consider a general invitation to the whigs of Aroostook, druming, why then we acknowledge, they were drummed up, but not otherwise. In regard to Victoria Surts, if they consider the appearance of two highly respectable and gentlemanly citizens from Woodstock, who were present at our oration, but not at the dinner, and the only citizens of the Province present, druming up of Victoria surts, then we acknowledge that to be true then; as we do acknowledge there were two individuals from Woodstock present at the delivery of our oration, and no more. I am well acquainted with the individuals, and was happy to see them present, and offered them the same civilities, often extended to me and others, by them on several public occasions at Woodstock; was happy to reciprocate such courtesy.

## IMPOSITION Citizens of Bangor & vicinity Take Notice.

OF THERE is hardly an instance on record where a man of any enterprise has commenced in business and with great exertion and expense has become universally known but some one whose intellect being so obtuse that he cannot invent an original idea of his own, has attempted to impose upon the public by adopting the same name, or raising a sign of similar character. This mode of imposition deserves the severest reprimand from the mouth of every honest man.

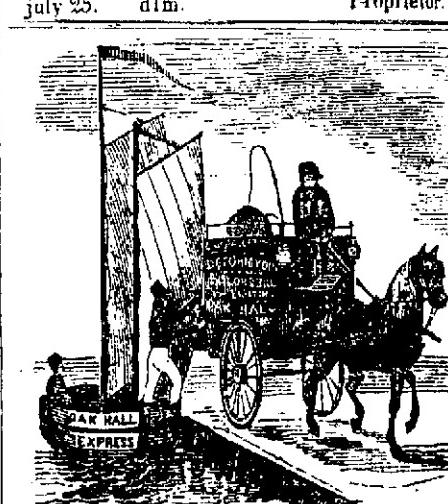

I have been led to these remarks by noticing numerous advertisements in Bangor papers headed

### Main Pillar of OAK HALL.

I would most respectfully inform the citizens of Bangor and vicinity that have no branch whatever of my establishment nor agency in any part of the United States. The above advertiser also states that he has withdrawn himself from OAK HALL, Boston. To that I can only say that my servant driver of Oak Hall Express, in Boston and vicinity, has withdrawn himself and I have substituted a Gentleman of Color in his place and with his new liver suit and beautiful steed is the admiration of all beholders.

Issued this day from Oak Hall, City of Boston, 22d of July, 1844.

G. O. W. SIMMONS,  
July 25. dim. Proprietor.

### VENI, VIDI, VICI.

IT HAS BEEN ESTIMATED THAT UPWARDS OF 200,000 PERSONS Visited that splendid Edifice

OAK HALL, SINCE ITS ERECTION, AND THAT 150,000 HAVE BEEN CLOTHED AT THIS POPULAR Tailoring Establishment.

THE reasons why Clothing can be sold at the Establishment so much LOWER than at other places are these:

First—Our retail sales are about ten times amount of any other establishment in Boston.

Second—We do a sole Cash Business, consequently the purchaser does not have to pay for defaulting debtor's clothes; and all the gentlemen of trade that have been in the habit of ordering their clothes up town, and their bill sent once or twice a year, have found that they can make SAVING OF ABOUT ONE HALF, by coming down to OAK HALL, and get a garment made in as good style, or a little better.

If I were to judge by some samples worn upon the human form divine' as that Nature's journeymen had made them, AND NOT MADE THEM WELL," so that with all the immense trade of Custom Work, and a large quantity sold daily ready-made, I am enabled to sell it

Extra low Price.

All our custom work is made by Journeymen Tailors, and we employ none other than the MOST SCIENTIFIC CUTTERS.

To give the public an idea of the extent of my business, I will merely state that I have at this time in my employ

8 Fashionable Cutters.

3 Trimmers;

1 Cashier and Book keeper;

1 Paymaster;

15 Salesmen;

Blood, Liver complaint, Bronchitis, and all those  
affections of Throat and Lungs which are a source  
of so much suffering and unrested, so often ter-  
minate in Consumption—this remedy is highly and  
justly distinguished. It is perfectly vegetable, mild  
and gentle in its effects upon the system, and can be  
taken in the most delicate cases, with safety as  
well as utility. Physicians, aware of its medicinal  
properties, and witnessing its effects even in ex-  
treme and in some instances apparently almost hope-  
less cases, often prescribe it in their practice, both  
as a palliative and a remedy, and with the Medical  
Faculty generally it has met with great approba-  
tion.

**CONSUMPTION.**—The following remarks were taken  
from the last number of the Medical Magazine:

"The surprising effect produced by the genuine  
Dr. Taylor's Balsam of Liverwort, made at 375  
Bowery, in consumptive cases, cannot fail exciting  
a deep and thrilling interest throughout the world.

We have so long considered this disease (consump-  
tion) incurable, that it is difficult to credit our sen-  
timent when we see persons, evidently consumptive,  
restored to health. Yet it is a fact of daily occur-  
rence."

Certificates from the highest and most respect-  
able sources, or persons who have been either  
greatly relieved by it, or entirely recovered from  
affections of the Lungs and Liver, could be furnish-  
ed in abundance, but we insert only the following

**CERTIFICATE.**

Liver Complaint and General Thirsty. I was given  
up by two physicians, and told to prepare for  
death. I was so weak I could not raise my hand to  
my head. I was in the low state, when a friend  
sent me a bottle of Dr. Taylor's Balsam of Liver-  
wort, from 375 Bowery, and before I had used up  
the bottle, I was able to sit up in bed. By the fur-  
ther use I have completely regained my health.

GEO. WELLS, 23 John-st.

For a common cold and cough, this is one of the  
very best remedies ever discovered.

N. B. There is a serious and counterfeit arti-  
cle about, therefore be careful to get the genuine  
which is from 375 Bowery, N. Y. and is for sale by
